If payment in full in cleared funds in respect of a subscription has not been received by the Relevant Time, any allotment of Units made in respect of such application may be cancelled. In the event of the non-clearance of subscription monies, any allotment in respect of an application shall be cancelled. In either event and notwithstanding cancellation of the application, the Manager may charge the applicant interest at the rate set out in the relevant Prospectus plus an administration fee as determined by the Manager and set out in the relevant Prospectus, which fee is payable to the Manager. In addition, the Manager will have the right to sell all or part of the applicant’s holding of Units in the relevant class or any other Sub-Fund in order to meet those charges.

(e) The issue or allotment of the Units pursuant to this Clause shall be made following receipt of the Account Opening and/or Dealing Forms provided that the Account Opening and/or Dealing Forms is received by the Manager or its authorised agent in respect of an application to be made during the Initial Offer Period, (save as the Manager may otherwise determine) before the expiry of such period and, in respect of an application made after the Initial Offer Period, no later than the time for receipt thereof. If an application is received outside the time for receipt thereof, it shall (subject to the discretion of the Manager) be treated as an application for Units on the Dealing Day following such receipt.

(f) The Administrator may (at the option of the Manager) satisfy any application for the allotment of Units by procuring the transfer to the applicant of fully-paid Units and the effective date of such transfer shall be the relevant Dealing Day. In any such case, references in this Deed to allotting Units shall, where appropriate, be taken as references to procuring the transfer of Units.

(g) For the purposes of this Deed:

(i) Units of a Sub-Fund which have been allotted but not issued on a Dealing Day shall be deemed to be in issue on receipt of payment therefor and Units of a Sub-Fund whose allotment has been cancelled and the relevant application monies have not been returned to the applicant on or prior to a Dealing Day shall be deemed to cease to be in issue at the close of business on the day of such cancellation; and

(ii) Units which have been repurchased on a Dealing Day in accordance with this Deed shall be deemed to have ceased to be in issue at the close of business on the Dealing Day on which they are repurchased.

(h) Where an amount received for Units applied for is not an exact multiple of their Subscription Price or Dealing Price (as applicable):

(i) where the amount is equal to or greater than such portion of the Subscription Price/Dealing Price of a Unit calculated to such number of decimal places as the Manager may determine, a fraction of a Unit shall be allotted to the applicant who shall be registered as the holder of such a fraction; and
(ii) where the amount received is less than such portion of the Subscription Price/Dealing Price of a Unit calculated to such number of decimal places as the Manager may determine, such amount will not be returned to the applicant but will be retained by the Manager in order to defray administration costs.

The rights, entitlement and benefits of the holder of a Unit under this Deed are granted to a holder of a fraction of a Unit in proportion to the fraction of the Unit held by him and, except where the context otherwise requires or is otherwise provided herein, reference in this Deed to “Unit” shall include a fraction of a Unit. Notwithstanding anything contained in this Deed the holder of a fraction of a Unit may not exercise any voting rights in respect of such fraction of a Unit.

(i) The Initial Offer Period in respect of any Sub-Fund may be shortened or extended at the discretion of the Manager. Any shortening or extension of an Initial Offer Period will be notified to the Financial Regulator.

(j) Where any Sub-Fund has more than one Unit class allotted to it, the Units of each Sub-Fund will rank pari passu with each other in all respects except as to currency of denomination of the class, dividend policy, the level of fees and expenses to be charged, minimum subscription and minimum holdings amounts applicable or any other feature may be determined by the Manager and approved by the Financial Regulator.

(k) The liabilities of a Unitholder shall be limited to the amount agreed to be contributed by him or her for the subscription of Units.

4.2 Rights attaching to Units

(a) Units may only be issued fully paid and shall have no par value.

(b) The value of the Units shall at all times be equal to their Net Asset Value.

(c) The rights and restrictions attaching to Units shall be as follows:

   (i) all Units in the Fund shall carry equal voting rights, except that in matters affecting only a particular Sub-Fund, only holders of Units of that Sub-Fund shall be entitled to vote; and

   (ii) every Unitholder that is present in person or by proxy at any meeting of Unitholders of the Fund or any Sub-Fund shall have one vote; and

   (iii) on a poll every Unitholder who is present in person or by proxy at any meeting of Unitholders of the Fund or any Sub-Fund shall have one vote for every Unit of which he is a Unitholder; and

   (iv) the holder of each Unit shall be entitled to such interest distribution as the Manager may from time to time determine; and
(v) in the event of a termination of the Fund the holder of a Unit shall have the rights referred to in Clause 19.2.

(d) The Manager may establish a class or classes of Units in respect of which the Unitholders of that class or classes shall be entitled to receive notice of, attend and speak at all general meetings of the Fund or any Sub-Fund but not to vote on any resolution proposed thereto. In applying for such class or classes of Units, an applicant shall acknowledge that he is investing in a class or classes of Units which does not carry rights to vote at general meetings of the Fund or any Sub-Fund.

4.3 Unit Prices

(a) The Initial Subscription Price(s) per Unit in each Sub-Fund at which Units shall be allotted and issued during the Initial Offer Period for each Sub-Fund shall be determined by the Manager.

(b) The Subscription Price per Unit of any class subsequent to the Initial Offer Period shall be ascertained by:

(i) determining the Net Asset Value of the relevant class calculated in respect of the Valuation Point on the Dealing Day on which the subscription is to be made and adding thereto such sum as the Manager may consider represents an appropriate figure for Duties and Charges and any other amounts necessary to account for actual expenditure on the purchase of underlying investments;

(ii) dividing the amount calculated under (i) above by the number of Units of such class of the relevant Sub-Fund in issue at the relevant Valuation Point; and

(iii) adding thereto or deducting therefrom such amount as may be necessary to round the resulting amount to such number of decimal places as the Manager deems appropriate.

(c) When, on any Dealing Day, subscription flows are matched with redemption flows, the Manager may issue Units at a price which is less than the usual Subscription Price as Duties and Charges may not need to be applied.

(d) Subject to the provisions of the UCITS Regulations, and to any conditions imposed by the Financial Regulator under the UCITS Regulations the Manager may issue Units on terms providing for settlement to be made by the vesting in the Trustee on behalf of the relevant Sub-Fund of Investments and in connection therewith the following provisions shall apply:

(i) in the case of a person who is not an existing Unitholder no Units shall be issued until the person concerned shall have completed and delivered to the Manager an Account Opening Form as required under the Prospectus and satisfied all the requirements of the Manager as to the application;
(ii) the nature of the Investments transferred into the Sub-Fund are such as would qualify as Investments of such Sub-Fund in accordance with the investment objectives, policies and restrictions of such Sub-Fund;

(iii) no Units shall be issued until the Investments shall have been vested in the Trustee, or any sub-custodian to the Trustee's satisfaction and the Trustee shall be satisfied that the terms of such settlement will not be such as are likely to result in any material prejudice to the existing Unitholders of the Sub-Fund; and

(iv) The Manager is satisfied that the terms of any exchange would not be such as would be likely to result in any prejudice to remaining Unitholders and provided that any such exchange shall be effected upon the terms (including provision for paying any expenses of exchange and any preliminary charge as would have been payable for Units issued for cash) that the number of Units issued shall not exceed the number which would have been issued for cash against payment of a sum equal to the value of the Investments concerned calculated in accordance with the procedures for the valuation of the assets of the relevant Sub-Fund. Such sum may be increased by such amount as the Manager may consider represents an appropriate provision for Duties and Charges which would be incurred in the acquisition of the Investments by purchase for cash or decreased by such amount as the Manager may consider represents any Duties or Charges to be paid to the Sub-Fund as a result of the acceptance of the exchange.

(e) The Manager may also issue Units at the Dealing Price calculated in accordance with Clause 5.0.

4.4 Minimum Subscription

The Manager may decline to issue Units to satisfy any application unless:

(a) if applicable, as determined by the Manager, the applicant has satisfied the Manager that it has entered into a Client Agreement;

(b) the amount in value of the Units to which an application relates equals or exceeds:

(i) the Minimum Investment Amount or its equivalent in another currency or such other amount as the Manager may from time to time determine in relation to a Sub-Fund; or

(ii) the minimum amount of investment in each of the relevant Sub-Funds as the Manager may from time to time determine where application is made for Units of two or more Sub-Funds;

provided that the aggregate amount in value of the Units to which an application relates shall not be less than the Minimum Holding.
(c) the applicant is already the holder of Units and the amount in value of the Units to which the application relates equals or exceeds the Minimum Additional Investment Amount or such other amount as the Manager may determine.

4.5 Suspension of Issue

No Units of any Sub-Fund shall be allotted or issued during any period when the determination of the Net Asset Value of Units of that Sub-Fund is suspended pursuant to Clause 7.1.

4.6 Restrictions on Unitholders/Qualified Persons

(a) The Manager shall have power (but shall not be under any duty) to impose such restrictions (other than a restriction on transfer to a Qualified Holder) as it may think necessary for the purpose of ensuring that no Units are acquired or held directly or beneficially by:

(i) any person who is not a Qualified Holder; or

(ii) any person or persons in circumstances, (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other person or persons connected or not, or any other circumstances appearing to the Manager to be relevant) which, in the opinion of the Manager might result in the Fund incurring any liability to taxation or suffering pecuniary disadvantages which the Fund might not otherwise have incurred or suffered or the Fund being required to register under the 1940 Act, or similar statute successor thereto or to register any class of its securities under the 1933 Act or similar statute successor thereto.

(b) (i) No person other than a Qualified Holder shall be or remain registered as a holder of Units and the Manager may upon an application for Units or (subject as herein provided) on a transfer of Units or at any other time and from time to time require such evidence to be furnished to it in this connection as it shall in its discretion deem sufficient and in default of such evidence being furnished to the satisfaction of the Manager, the Manager may require the redemption or transfer of such Units.

(ii) A holder of Units who shall cease to be a Qualified Holder shall promptly either give to the Manager a redemption notice in respect of such Units or shall promptly transfer such Units to a Qualified Holder.

(iii) If the Manager shall in its absolute discretion consider that any holder of Units is not a Qualified Holder (or at any time while registered as a holder of such Units has not been a Qualified Holder) or is a person to whom paragraph (a)(ii) applies or is a holder whose Client Agreement terminated for any reason whatsoever, the Manager may require the redemption or transfer of the Units held by such person in accordance with Clause 6.1 hereof.
SECTION 5.0 - DETERMINATION OF NET ASSET VALUE

5.1 Net Asset Value of Units/Dealing Price

(a) The Net Asset Value of a Sub-Fund shall be expressed in the Base Currency and shall be determined, subject to Clause 7.1 of this Deed, in accordance with the valuation rules set out hereafter in Section 5.0, as at each Valuation Point and shall be the value of all of the assets comprised in the relevant Sub-Fund less all the liabilities attributable to such Sub-Fund as at the relevant Valuation Point on each Business Day plus any interest accrued on underlying assets between the Valuation Point and the time of calculation of the Net Asset Value on the Dealing Day and subject to any regulations made by the Financial Regulator pursuant to the UCITS Regulations.

(b) The Net Asset Value of a Sub-Fund shall be expressed in the Base Currency (translated where necessary at such rate of exchange as the Manager thinks fit).

(c) The Net Asset Value of a class of Units within a Sub-Fund shall be calculated as follows:

(i) determining the allocation ratios for each class of Units which shall be done by dividing the figure calculated in (A) below for each class of Units by the figure calculated in (B) below:

A. adding the Net Asset Value of each class of Units for the previous Valuation Point and the value of unitholder activity (i.e., net subscriptions/redemptions placed as of the previous Valuation Point) for the current Valuation Point for each class of Units;

B. adding the total of the Net Asset Values for all classes of Units for the previous Valuation Point and the value of unitholder activity (i.e., net subscriptions/redemptions placed as of the previous Valuation Point) for the current Valuation Point for all classes of Units;

(ii) allocating the Fund’s income, expenses and realised and unrealised gains and losses accrued for the current Valuation Point to each class of Units with the amount to be allocated being calculated by multiplying the aggregate of such accrued amounts by the ratios determined in (i);

(iii) adding the figures from (ii) as allocated for each class of Units to the expenses accrued, distributions declared and the value of unitholder activity (i.e., net subscriptions/redemptions) for the current Valuation Point which are solely attributed to each specific class of Units. An expense will be attributed to a specific class of Units which is specifically attributable to that class;

(iv) adding the results of (iii) for each class of Units to the Net Asset Value of the previous Valuation Point of the respective class of Units.
(d) The costs and related liabilities/benefits arising from instruments entered into for the purposes of hedging the currency exposure for the benefit of any particular class of a Sub-Fund (where the currency of a particular class is different to the Base Currency of the Sub-Fund) shall be attributable exclusively to that class.

(e) The Net Asset Value of a class of Units within a Sub-Fund shall be expressed in the Base Currency in which the Sub-Fund is designated (except, where the currency of the particular class is different to the Base Currency of the Sub-Fund, it shall be expressed in the currency in which that class is designated) (translated, where necessary at such rate of exchange as the Manager thinks fit).

(f) The Net Asset Value of a Unit within a class shall be determined by dividing the Net Asset Value of the relevant class by the number of Units in that class in issue and deemed to be in issue.

(g) If on any Dealing Day the aggregate value of transactions in Units of all Classes of a Sub-Fund result in a net inflow or net outflow from the relevant Sub-Fund, the Manager may adjust the Net Asset Value of the relevant Sub-Fund (other than where a Sub-Fund provides otherwise) by an amount it may consider represents an appropriate figure for Duties and Charges relating to the purchase or sale of underlying investments which may be incurred by the Sub-Fund. The adjustment, where applied, will be an addition to the Net Asset Value per Unit when the net movement results in a net inflow and a deduction from the Net Asset Value per Unit when it results in a net outflow and the resultant amount will be the Dealing Price. As certain markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows and for net outflows.

5.2 Assets of Sub-Fund

(a) The assets of each Sub-Fund shall be determined to include inter alia:

(i) subscription monies receivable for Units allocated, all cash in hand, on deposit, or on call including any interest accrued thereon and all accounts receivable;

(ii) all bills, demand notes, certificates of deposit and promissory notes;

(iii) all bonds, forward currency transactions, time notes, shares, stock, convertibles, units of or participation in collective investment schemes/mutual funds, debentures, debenture stock, subscription rights, warrants, futures contracts, options contracts, swap contracts, fixed rate securities, floating rate securities, securities in respect of which the return and/or redemption amount is calculated by reference to any index, price or rate, financial instruments and other investments and securities owned or contracted for by such Sub-Fund, other than rights and securities issued by it;

(iv) all stock and cash dividends and cash distributions to be received by such Sub-Fund and not yet received by it but declared to stockholders on record
on a date on or before the day as of which the Net Asset Value is being determined;

(v) all interest accrued on any interest-bearing securities owned by such Sub-Fund except to the extent that the same is included or reflected in the principal value of such security;

(vi) all other Investments of such Sub-Fund;

(vii) the establishment costs incurred in establishing such Sub-Fund and the cost of issuing and distributing Units of such Sub-Fund insofar as the same have not been written off; and

(viii) all other assets of such Sub-Fund of every kind and nature including prepaid expenses as valued and defined from time to time by the Manager.

(b) The assets of each Sub-Fund will be valued as follows:

(i) the value of an Investment which is quoted, listed or normally dealt in on a Regulated Market shall (save in the specific cases set out in paragraphs (iii), (viii), (ix) and (x)) be the closing mid-market price on such Regulated Market as at the relevant Valuation Point or the last traded price when no closing mid-market price is available, provided that:

A. if an Investment is quoted, listed or normally dealt in on more than one Regulated Market, the Manager may, in its absolute discretion, select any one of such markets for the foregoing purposes (provided that the Manager has determined that such market constitutes the main market for such Investment or provides the fairest criteria for valuing such securities) and once selected a market shall be used for future calculations of the Net Asset Value with respect to that Investment; and

B. in the case of any Investment which is quoted, listed or normally dealt in on a Regulated Market but in respect of which for any reason, prices on that market may not be available at any relevant time, or, in the opinion of the Manager, may not be representative, the value thereof shall be the probable realisation value thereof estimated with care and in good faith by a competent person (which may be the Investment Manager or the Administrator), firm or association making a market in such Investment (approved for the purpose by the Trustee and selected by the Manager) and/or any other competent person qualified, appointed by the Manager (and approved for the purpose by the Trustee) to provide such estimated value;

C. in the case of any Investment which is quoted, listed or normally dealt in on a Regulated Market but which was acquired at a premium or at a discount outside or off the relevant market, the level of premium or discount at the date of valuation may be taken into account when valuing such Investment provided the Trustee ensures that the
adoption of such procedure is justifiable in the context of establishing the probable realisation value thereof;

(ii) the value of any Investment which is not quoted, listed or normally dealt in on a Regulated Market shall be the probable realisable value thereof estimated with care and in good faith by a competent person (which may be the Investment Manager or the Administrator), firm or association making a market in such Investment (approved for the purpose by the Trustee) and/or any other competent person qualified, appointed by the Manager (and approved for the purpose by the Trustee) to provide such estimated value;

(iii) the value of any Investment which is a unit of or participation in an open-ended collective investment scheme/mutual fund shall be calculated at the latest available net asset value of such unit/participation or the estimated net asset value of such unit/participation (whichever is the more recent) as calculated by the administrator of and in accordance with the requirements of the scheme/fund of which the relevant Investment is a unit/participation;

(iv) the value of any cash in hand, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof unless in any case the Manager is of the opinion that the same is unlikely to be paid or received in full in which case the value thereof shall be arrived at after making such discount as the Manager (with the approval of the Trustee) may consider appropriate in such case to reflect the true value thereof;

(v) deposits shall be valued at their principal amount plus accrued interest from the date on which the same were acquired or made;

(vi) treasury bills shall be valued at the middle market dealing price on the market on which same are traded or admitted to trading as at the Valuation Point, provided that where such price is not available, same shall be valued at the probable realisation value estimated with care and good faith by a competent person (which may be the Investment Manager or the Administrator) (appointed by the Manager and approved for the purpose by the Trustee);

(vii) bonds, notes, debenture stocks, certificates of deposit, bank acceptances, trade bills and similar assets shall be valued at the latest available middle market dealing price on the market on which these assets are traded or admitted for trading (being the market which is the sole market or in the opinion of the Manager the principal market on which the assets in question are quoted or dealt in) plus any interest accrued thereon from the date on which same were acquired;

(viii) forward foreign exchange contracts will be valued by reference to the price at the Valuation Point at which a new forward contract of the same size and maturity could be undertaken;
(ix) the value of any futures contracts and options which are dealt in on a Regulated Market shall be the settlement price as determined by the market in question, provided that if such settlement price is not available for any reason or is unrepresentative, same shall be valued at the probable realisation value estimated with care and good faith by a competent person (which may be the Investment Manager or the Administrator) (appointed by the Manager and approved for the purpose by the Trustee);

(x) the value of any over the counter ("OTC") derivatives contracts shall be valued at least daily at a price obtained from the counterparty or by an alternative valuation provided by a competent person (which may be the Administrator or the Investment Manager) appointed by the Manager and approved by the Trustee for such purpose, or by any other means provided the value is approved by the Trustee. If a derivative instrument is valued at a price obtained from the counterparty, such price shall be verified at least weekly by a party independent of the counterparty (which may be the Administrator or the Investment Manager) approved for such purpose by the Trustee. If a derivative instrument is valued in any other way, such alternative valuation shall be reconciled on at least a monthly basis to a valuation provided by the counterparty and any significant difference shall be promptly investigated and explained;

Forward foreign exchange and interest rate swaps contracts for which market quotations are freely available may be valued in accordance with the previous paragraph or by reference to market quotations (in which case there is no requirement to have such prices independently verified or reconciled to the counterparty valuation);

(xi) notwithstanding any of the foregoing sub-paragraphs, the Manager with the approval of the Trustee may adjust the value of any Investment if, having regard to currency, applicable rate of interest, maturity, marketability and/or such other considerations as it may deem relevant, it considers that such adjustment is required to reflect the fair value thereof;

(xii) if in any case a particular value is not ascertainable as above provided or if the Manager shall consider that some other method of valuation better reflects the fair value of the relevant Investment then in such case the method of valuation of the relevant Investment shall be such as the Manager shall decide with the approval of the Trustee and provided that such method is approved by the Trustee;

(xiii) notwithstanding the foregoing, where at any time of any valuation any asset of a Sub-Fund has been realised or contracted to be realised there shall be included in the assets of the Sub-Fund in place of such asset the net amount receivable by the Sub-Fund in respect thereof provided that if such amount is not then known exactly then its value shall be the net amount estimated by the Manager as receivable by the Sub-Fund; and

(xiv) any valuations made pursuant to this Deed shall be binding on all persons.
5.3 Liabilities attributable to the Sub-Fund

(a) The liabilities of each Sub-Fund shall be deemed to include:

(i) all bills, notes and accounts payable;

(ii) all expenses payable and/or accrued (the latter on a day to day basis);

(iii) all known liabilities including the amount (if any) of any unpaid distribution declared upon the Units in the Sub-Fund, contractual obligations for the acquisition of Investments or other property or for the payment of money and outstanding payments on any Units previously redeemed;

(iv) an appropriate provision for taxes (other than taxes taken into account as Duties and Charges) and contingent liabilities as determined from time to time by the Manager; and

(v) all other liabilities of the Sub-Fund of whatsoever kind and nature except liabilities represented by Units in the Fund;

In determining the amount of such liabilities the Manager may calculate administrative and other expenses of a regular or recurring nature on an estimated figure for yearly or other periods in advance and accrue the same in equal proportions over any such period.

(b) The liabilities attributable to each class of Units shall be deemed to include (without limitation):

(i) the fees and expenses of any service provider to the Fund attributable to the relevant class of Units;

(ii) fees and expenses involved in registering and maintaining registrations of the Units for sale in any jurisdiction outside Ireland, including the preparation of prospectuses;

(iii) expenses in connection with the listing of the Units on any securities exchange.

(c) For the purposes of this Clause 5.3 monies payable by the Fund on the repurchase or redemption by the Sub-Fund of Units pursuant to repurchase or redemption requests or monies payable by the Sub-Fund as a result of the cancellation of allotments shall be deemed to be a liability of the Sub-Fund from the time at which such Units are deemed to cease to be in issue.

5.4 General Provisions on Valuation

(a) Any assets held, including funds on deposit and amounts payable to a Sub-Fund and any liabilities and amounts payable by a Sub-Fund in a currency other than
the Base Currency shall be translated into the Base Currency at such rate of
exchange as the Manager may think fit.

(b) Where the current price of an Investment is quoted "ex" any dividend (including
any stock dividend), interest or other rights to which the Sub-Fund is entitled but
such dividend, interest or the property to which such rights relate has not been
received and is not taken into account under any other provisions of this Clause,
the amount of such dividend, interest, property or cash shall be taken into account.

(e) Any certificate as to Net Asset Value of Units in any Sub-Fund given in good
faith by or on behalf of the Manager shall be binding on all parties.

SECTION 6.0 - REDEMPTION

6.1 Redemption

(a) Subject as hereinafter provided, on receipt by the Manager of a request in writing
in such form as it may from time to time determine by a holder of Units of any
class (the "Dealing Form" and the "Applicant" respectively) which request shall,
save as provided in this Clause, be irrevocable, redeem (free of any fee or charge)
all or any portion of the Units held by the Applicant at the Redemption Price (as
hereinafter set out) or at the Dealing Price for each such Unit, determined in
accordance with the provisions of this Deed, or procure the purchase thereof at not
less than the Redemption Price PROVIDED THAT:

(i) the repurchase of Units of any Sub-Fund pursuant to this Clause shall be
made on a Dealing Day provided further that the Dealing Form is received
by the Manager or its authorised agents within the time set by the Manager
in the Prospectus for processing redemption requests on such Dealing Day
and if received after such time, the Dealing Form shall (subject to the
discretion of the Manager) be treated as a request for redemption on the
next following Dealing Day;

(ii) in the event that the determination of the Net Asset Value per Unit has been
suspended in accordance with Clause 7.1, the right of the Applicant to have
his Units redeemed pursuant to this Clause shall be similarly suspended and
during the period of suspension he may withdraw his request for
redemption and his certificate (if applicable). Any withdrawal of a request
for redemption under the provisions of this Clause shall be made in writing
and shall only be effective if actually received by the Manager or its duly
authorised agent before termination of the period of suspension. If the
request is not so withdrawn the redemption of the Units shall be made on
the Dealing Day next following the end of the suspension or on such earlier
day following the end of the suspension as the Manager, at the request of
the Applicant may agree.

(b) Dealing Forms may be sent in writing or by facsimile at the risk of the relevant
Unitholder. The Applicant can also make a redemption request for Units by
telephone. In the case of a holder of Units which is a corporation, a list of
authorised signatories together with evidence of their authority must be provided
by the corporation to the Manager if the signatories at redemption differ from the list of signatories most recently submitted by the holder. Requests for redemption will not be processed pending receipt by the Manager of the original Account Opening Form for the Units. If Units are held in certificated form the Unitholder must send the original certificate to the Manager. The Manager may, at its option, dispense with the production of any certificate which shall have become defaced, lost, stolen or destroyed upon compliance by the Applicant with the like requirements to those applying in the case of an application by him for replacement of a defaced, lost, stolen or destroyed certificate under Clause 14.3.

(c) Upon the redemption of a Unit being effected pursuant to this Clause, the Applicant shall cease to be entitled to any rights in respect thereof (excepting always the right to receive a distribution (if any) which has been determined in respect thereof prior to such repurchase or redemption being effected) and accordingly his name shall be removed from the Register with respect thereto, the relevant Units shall be treated as cancelled.

(d) Where the Administrator receives in respect of any Valuation Point requests for redemptions which in the aggregate amount to more than 10% of the Net Asset Value of any Sub-Fund, the Manager, in its sole discretion, may reduce each such request for redemption of Units pro rata so that all such requests cover no more than 10% of the Net Asset Value of the particular Sub-Fund. Any part of a redemption request to which effect is not given by reason of the exercise of this power by the Manager shall be treated as if a request had been made in respect of the next Dealing Day and each succeeding Dealing Day (in relation to which the Manager shall have the same power) until the original requests have been satisfied in full provided always that requests for redemption that remain to be satisfied by reason of the exercise of this power by the Manager shall be complied with in priority to later requests.

(e) (i) If it shall come to the notice of the Manager that any Units are owned directly or beneficially by any person in breach of the restrictions imposed by Clause 4.6 above, the Manager may give notice to such person requiring him to transfer such Units to a person who is qualified or entitled to own such Units or to give a request in writing for the repurchase of such Units in accordance with paragraph (a) above. If any person upon whom such a notice is served pursuant to this sub-paragraph does not within thirty days after such notice:

A. transfer his Units to a person qualified to own such Units;

B. request the Manager to repurchase his Units; or

C. establish to the satisfaction of the Manager (whose judgement shall be final and binding and conclusive) that he is not subject to such restrictions;

he shall be deemed upon the expiration of such thirty days to have given a request in writing for the repurchase of all his Units pursuant to paragraph
(a) above and shall be bound forthwith to deliver his certificate or certificates to the Manager and the Manager shall be entitled to appoint any person to sign on his behalf such documents as may be required for the purpose of the repurchase of the said Units.

(ii) A person who becomes aware that he is holding or owning Units in breach of any such restrictions as aforesaid shall forthwith unless he has already received a notice pursuant to sub-paragraph (i) above either transfer all his Units to a person qualified to own such Units or give a request in writing for the repurchase of all his Units pursuant to paragraph (a) above.

(iii) Payment of any amount due to such person pursuant to sub-paragraph (i) or (ii) above will be deposited by the Trustee in a bank for payment to such person against surrender of the certificate(s) (if any) representing the Units previously held by such person. Upon deposit of such amount as aforesaid such person shall have no further interest in such Units or any of them or any claim against the Fund in respect of such Units except the right to receive such amounts so deposited (without interest).

(f) Where, in any case involving a redemption of less than the entire of an Applicant's holding of Units, any amount representing the redemption monies for such Units is not an exact multiple of their Redemption Price or Dealing Price (as applicable):

(i) where the amount is equal to or greater than such portion of the Redemption Price/Dealing Price of a Unit calculated to such number of decimal places as the Manager may determine, a fraction of a Unit shall be allotted to the Applicant who shall be registered as the holder of such a fraction;

(ii) where the amount received is less than such portion of the Redemption Price/Dealing Price of a Unit calculated to such number of decimal places as the Manager may determine, such amount will not be returned to the Applicant but will be payable to the Manager in order to defray administration costs.

6.2 The Redemption Price

(a) The Redemption Price per Unit of a class of a Sub-Fund shall be ascertained by:

(i) determining the Net Asset Value of the Units of the relevant class calculated in respect of the Valuation Point on the Dealing Day on which the redemption is to be made and deducting therefrom such sums as the Manager may consider represents an appropriate provision for Duties and Charges and any other amounts necessary to account for the actual sale price of underlying investments;

(ii) dividing the amount calculated under (i) above by the number of Units of the relevant class then in issue at the relevant Valuation Point; and
(iii) adding thereto or deducting therefrom such amount as may be necessary to round the resulting sum to such number of decimal places as the Manager deems appropriate.

(b) When, on any Dealing Day, redemption flows are matched with Subscription flows, the Manager may issue Units at a price which is more than the usual Redemption Price as Duties and Charges may not need to be applied.

(c) Any certificate as to the Redemption Price given in good faith by or on behalf of the Manager shall be binding on all parties.

(d) The Manager may also redeem Units at the Dealing Price calculated in accordance with Clause 5.0.

(e) Notwithstanding any other provision of the Deed, if the Fund becomes liable to account for tax in any jurisdiction in the event that a Unitholder or beneficial owner of a Unit were to receive a distribution in respect of his Units or to dispose (or be deemed to have disposed) of his Units in any way ("Chargeable Event"), the Manager shall be entitled to deduct from the payment arising on any such event an amount equal to the appropriate tax and/or, where applicable, to appropriate or cancel such number of Units held by the Unitholder or such beneficial owner as are required to meet the amount of tax. The relevant Unitholder shall indemnify and keep the Fund indemnified against any loss arising to the Fund by reason of the Fund becoming liable to account for tax in any jurisdiction on the happening of a Chargeable Event if no such deduction, appropriation or cancellation has been made.

(f) Payment of redemption proceeds shall normally be made in the currency of the class as set out in the relevant redemption request and be paid not later than ten Business Days from receipt of the redemption request. Redemption proceeds will be paid by electronic transfer (less expenses) to the bank account indicated on the Unitholder's most recent form for application for Units or other written instructions to the Manager or its authorised agents.

(g) If Units are held in certificated form a certificate for the remaining Units will be sent by post to the Unitholder (at his own risk). In the case of a partial redemption of a Unitholder's holding, the Administrator will advise the holder of the remaining Units held by him.

6.3 Redemption in kind

The Manager may redeem Units of any class of a Sub-Fund by way of exchange for Investments provided that:

(a) a Dealing Form is completed and delivered to the Manager as required by this Deed and the redemption request otherwise satisfies all the requirements of the Manager as to such request and the Unitholder seeking redemption of Units agrees to such course of action;
(b) the Manager is satisfied that the terms of any exchange would not be such as would be likely to result in any prejudice to the remaining Unitholders, and elects that instead of the Units being redeemed in cash, the Redemption Price shall be satisfied in kind by the transfer to the Unitholder of Investments provided that the value thereof shall not exceed the amount which otherwise would have been payable on a cash redemption and provided that the transfer of Investments is approved by the Trustee. Such value may be reduced by such amount as the Manager may consider represents any Duties and Charges to be paid to the Sub Fund as a result of the direct transfer by the Sub Fund of the Investments or increased by such amount as the Manager may consider represents any appropriate provision for Duties and Charges which would have been incurred by the Sub-Fund in the disposition of the Investments to be transferred. The shortfall (if any) between the value of the Investments transferred on a redemption in kind and the redemption proceeds which would have been payable on a cash redemption shall be satisfied in cash. Any decline in the value of the Investments to be transferred in settlement of a redemption between the relevant Dealing Day and the day on which Investments are delivered to the redeeming Unitholder shall be borne by the redeeming Unitholders.

(c) if a redeeming Unitholder requests redemption of a number of Units that represents 5% or more of the Net Asset Value of a Sub-Fund, the Manager may in its sole discretion redeem the Units by way of exchange for Investments and in such circumstances the Manager will, if requested by the redeeming Unitholder, sell the Investments on behalf of the Unitholder. The cost of such a sale may be charged to the Unitholder;

(d) if the discretion conferred upon the Manager by paragraph (a) is exercised, the Manager shall notify the Trustee and shall supply to the Trustee particulars of the Investments to be transferred and the amount of cash to be paid to the Unitholder. All stamp duties and registration fees in respect of such transfers shall be payable by the Unitholder.

SECTION 7.0 - SUSPENSION/DELAY OF REDEMPTION, VALUATION AND DEALINGS

7.1 Temporary Suspensions/Delays

(a) The Manager may declare a temporary suspension of the determination of the Net Asset Value of any Class of any Sub-Fund and of the issue and repurchase of Units during the whole or part of any period:

(ii) when, as a result of political, economic, military or monetary events or any other circumstances outside the control, responsibility and power of the
Manager, any disposal or valuation of Investments of the relevant Sub-Fund is not, in the opinion of the Manager, reasonably practicable without this being seriously detrimental to the interests of owners of Units in general or the owners of Units of the relevant Sub-Fund or if, in the opinion of the Manager, the Redemption Price cannot fairly be calculated or such disposal would be materially prejudicial to the owners of Units in general or the owners of Units of the relevant Sub-Fund;

(iii) during which any breakdown occurs in the means of communication normally employed in determining the value of any of the Investments of the Sub-Fund or when for any other reason the value of any of the Investments or other assets of the Sub-Fund cannot reasonably or fairly be ascertained; or

(iv) when the Manager is unable to repatriate funds required for the purpose of making redemption payments or when such payments cannot, in the opinion of the Manager, be effected at normal prices or normal rates of exchange or during which any transfer of funds involved in the realisation or acquisition of Investments or when payments due or redemptions cannot, in the opinion of the Directors, be effected at normal prices or normal rates of exchange; or

(v) following service of a notice of a meeting of the Unitholders at which a resolution is to be proposed to wind up the Trust or a Fund or resolution has been passed for the winding up of the Trust or a Fund.

(b) Any such suspension shall take effect at such time as the Manager shall declare but not later than the close of business on the Business Day next following the declaration and, thereafter, there shall be no determination of Net Asset Value or issue of Units in any Sub-Fund effected or redemption of Units in any Sub-Fund effected until the Manager shall declare the suspension at an end except that the suspension shall terminate in any event on the first Business Day on which:

(i) the condition giving rise to the suspension shall have ceased to exist; and

(ii) no other condition under which suspension is authorised under paragraph (a) of this Clause shall exist.

7.2 Notification of Suspensions

Any such suspension of the determination of the Net Asset Value of Units and the issue and redemption of Units shall be notified:

(a) by the Manager to the Financial Regulator immediately (and in any event during the Business Day on which the suspension took place) and to the competent authorities in the Member States of the European Union in which the Units are marketed and in any other country in which the Units are marketed; and

(b) published in such publication(s) as the Manager may determine.

B. the Units of the New Sub-Fund shall be issued in respect of and in proportion to (or as nearly as may be in proportion to) the holding of the Units of the Original Sub-Fund which is being converted.

(b) The provisions of Clause 6.1(b), (c) and (d) shall apply to any exchange under the provisions of paragraph (a).

SECTION 9.0 - REGISTRATION OF UNITHOLDERS

The following provisions shall have effect with regard to the registration of Unitholders:

(b) If the Register is kept with the assistance of magnetic storage media the up-to-date output from such magnetic storage media and the magnetic storage media itself shall together constitute the Register.

9.4 Change of Name or Address

Any change of name or address on the part of any Unitholder shall forthwith be notified in writing to the Manager who on being satisfied thereof and on compliance with all such formalities as it may require shall alter the Register or cause it to be altered accordingly.

SECTION 10.0 - TRANSFER OF UNITS

10.1 Procedure on Transfer

(a) All transfers of Units shall be effected by transfer in writing in any usual or common form or in any other form approved by the Manager but need not be under seal. Accordingly, the Units may not be offered, sold, transferred or delivered, directly or indirectly, in the United States or to, or for the account of, a US Person at any time without the prior consent of the Manager, which consent may be granted or withheld in the sole discretion of the Manager but which will not in any case be granted if, as the result thereof, the number of Unit holders who are US Persons would exceed such number as may be specified by the Manager.

(c) If a transferee who is a US Person applies to register a transfer of Units and if as a result of such transfer the number of holders of Units known to the Manager to be US Persons would exceed such number as the Manager may from time to time determine or the Manager otherwise becomes aware that a holder of Units is a US Person who acquired Units without the prior consent of the Manager, the Manager will refuse to register the transfer in favour of the US Person and/or may direct the US Person to sell his Units within 30 days and provide to the Manager evidence of the sale by him or to make the request that the Manager redeem the Units pursuant to Clause 6.1. If the United States Person fails to comply with the direction, the Manager will compulsorily redeem the holding of Units of such US Person pursuant to Clause 6.1.

(d) During any period when the determination of the Net Asset Value of the relevant Sub-Fund has been temporarily suspended, the Manager at its discretion may permit the registration of any transfer of Units.

(a) where it is aware or believes that such transfer would or might result in the beneficial ownership of such Unit by a person who is not a Qualified Holder or expose the Fund to adverse tax or regulatory consequences;

(b) to a person who is not already a Unitholder if, immediately following such transfer, the proposed transferee would not be the holder of a Minimum Holding of Units; or

(c) where the transferee has not completed an Account Opening Form together with required supporting documentation to the satisfaction of the Manager.

10.4 Procedure on Refusal

If the Manager declines to register a transfer of any Unit it shall, within two months after the date on which the transfer was lodged with it, send to the transferee notice of the refusal.

10.5 Retention of Transfer Instruments

Subject to Clause 22.1 below all instruments of transfer which shall be registered shall be retained by the Manager or its agent, but any instrument of transfer which the Manager may decline to register shall (except in any case of fraud) be returned to the person depositing the same.

10.6 Effective on Registration

No transfer or purported transfer of a Unit other than a transfer made in accordance with this Section shall entitle the transferee to be registered in respect thereof neither shall any notice of such transfer or purported transfer (other than aforesaid) be entered upon the Register.

SECTION 11.0 - TRANSMISSION OF UNITS

11.1 Death of Unitholder

In the case of the death of a Unitholder, the survivors or survivor where the deceased was a joint holder, and the executors or administrators of the deceased where he was a sole or only surviving holder, shall be the only persons recognised by the Manager and Trustee as having title to his interest in the Units held by such a Unitholder, but nothing in this Clause shall release the estate of the deceased holder whether sole or joint from any liability in respect of any Unit solely or jointly held by him.

registration as they would have had in the case of a transfer of the Unit by the Unitholder under disability or by the deceased or bankrupt Unitholder before the death or bankruptcy or by the Unitholder under legal disability before such disability.

11.3 Rights before Registration

A person becoming entitled to a Unit in consequence of the death or bankruptcy of a Unitholder shall have the right to receive and may give a discharge for all income distributions (if any) and other monies payable or other advantages due on or in respect of the Unit, but he shall not be entitled to receive notice of or to attend or vote at meetings of the Fund, nor save as aforesaid, to any of the rights or privileges of a Unitholder unless and until he shall be registered as a Unitholder in respect of the Units PROVIDED ALWAYS that the Manager may at any time give notice requiring any such person to elect either to be registered himself or to transfer the Unit and if the notice is not complied with within ninety days the Manager may thereafter withhold all dividends or other monies payable or other advantages due in respect of the Unit until the requirements of the notice have been complied with.

SECTION 12.0 - INVESTMENT OF THE FUND/BORROWINGS

The shares and assets of any such company shall be held by the Trustee on behalf of the relevant Sub-Fund. None of the limitations or restrictions referred to in paragraphs (c) or (d) above, shall apply to Investments in, loans to or deposits with any such entity, and for the purpose of paragraphs (c) and (d) above, Investments or other property held by any such private company shall be deemed to be held directly for the relevant Sub-Fund. for the purpose of engaging in such techniques and instruments.

(ii) any amount borrowed from any particular lender shall be reduced by any balance standing to the credit of any account of the Sub-Fund (or the Trustee for the account of the Sub-Fund) with such lender.

(d) Whilst any borrowings subsist, the Trustee may from time to time and at any time in its absolute discretion require such amount as it may determine to be maintained either on short-term deposit in any manner authorised by this Deed or on deposit as hereinbefore provided or partly one and partly the other, provided that the Trustee may not require there to be so maintained on deposit an amount exceeding the aggregate amount of all borrowings for the account of the Fund for the time being outstanding.

(i) The Trustee shall not (subject to and without prejudice to Clause 15.9 (a)) incur any liability by reason of any loss which a Unitholder may suffer by reason of any depletion in the Net Asset Value of any Sub-Fund which may result from the borrowing arrangements made thereunder and (save as herein otherwise expressly provided) the Trustee shall be entitled to be indemnified out of and have recourse to such Sub-Fund in respect of any liabilities, costs, claims or demands which it may suffer arising directly or indirectly.

(j) In the event that any arrangements for borrowing or making deposits under this Clause shall be made with any of the Trustee, the Manager, the Administrator or any Holding Company or Subsidiary of any of them then such person shall be entitled to retain for its own use and benefit all profits and advantages which may be derived therefrom.

The Manager may make distributions out of the net revenue of a Sub-Fund (i.e. all interest, dividends and other income less the Sub-Fund's accrued expenses) and/or realised and unrealised profits on the disposal/valuation of investments less realised and unrealised losses of the Sub-Fund. The particular source of distributions will be as set out in relevant Sub-Fund supplement.

The Trustee shall stand possessed of the property of the Fund upon trust for the Unitholders in accordance with the provisions of this Deed. However, no Unit shall confer any interest on any Unitholder in any particular part of the property of the Fund.

Unitholders have no entitlement to income until such time as income has been distributed/allocated to unitholders by the Trustee/Manager, the amount of any income distributed/allocated being so determined by the Trustee/Manager.

13.4 Receipts

If several persons are registered as joint holders of any Unit, any one of them may give effectual receipts for any distribution or other monies payable on or in respect of the Units.

13.6 Unclaimed Distributions

If the Manager so resolves, any distribution which has remained unclaimed for six years from the date of its declaration shall be forfeited and cease to remain owing by the relevant class and become the property of the relevant Sub-Fund. The payment by the Manager or the Trustee of any unclaimed distribution or other monies payable on or in respect of a Unit into a separate account shall not constitute the Manager or Trustee a trustee in respect thereof.

13.7 Payment of Distributions

Save as may otherwise be provided in any Prospectus, any distribution or other moneys payable in respect of any Unit will be paid by SWIFT or telegraphic or federal wire transfer to the bank account indicated on the Account Opening Form for the Units or as otherwise advised or agreed between the Manager and the Unitholder.

Where a Unitholder transfers part only of the Units comprised in a certificate, the old certificate shall be cancelled and a new certificate, for the balance of such Units, issued in lieu without charge.

(b) The Trustee shall not be bound to register more than four persons as the joint holders of Units (except in the case of executors or trustees of a deceased member) and, in the case of a Unit held jointly by several persons and in respect of which the issue of a certificate has been requested, the Fund shall not be bound to issue more than one certificate in respect of such holding and delivery of a certificate to one of such persons shall be sufficient delivery to all.

Such Proper Instructions as aforesaid shall be given without delay and in the event of a delay or the Trustee having to obtain clarification or unclear or incomplete Proper Instructions the Trustee shall not be liable for any consequence arising therefrom.

15.9 Liability of the Trustee and Limitations thereon.

(a) The Trustee's Responsibility

The Trustee shall be liable to the Manager and the Unitholders for any loss suffered by them as a result of its unjustifiable failure to perform its obligations or its improper performance of its obligations.

(b) Indemnity

The Trustee shall be indemnified out of the assets of the Fund and each relevant Sub-Fund and held harmless from and against all or any losses, liabilities, demands, damages, costs, claims or expenses whatsoever and howsoever arising (including, without limitation, acting on Proper Instructions) other than by reason of its unjustifiable failure to perform its obligations or its improper performance of such obligations.
In no event shall the Trustee be personally liable for any taxes or other government charges imposed upon or in respect of the Fund's assets or upon the income or gains thereon. The Trustee shall be reimbursed and indemnified out of the appropriate assets for all such taxes and charges, for any tax or charge imposed against the Trustee or any sub-custodian and for any expenses, including without limitation legal fees on a full indemnity basis, interest, penalties and additions to tax which the Trustee or any sub-custodian may sustain or incur with respect to such taxes or charges, provided that the Trustee shall not be reimbursed or indemnified for taxes imposed on its income derived from its remuneration under this Deed under the laws of Ireland.

Any indemnity expressly given to the Trustee in this Deed shall be in addition to, and without prejudice to, any indemnity to which the Trustee may be entitled at law. The Trustee may extend the benefit of the indemnity provided for in this Clause to any sub-custodian, nominee, agent or Securities System appointed by it.

The Trustee agrees to give notice to the Manager of claims received by it from third parties which may result in the Trustee making a claim under this clause against the Manager.

The Trustee agrees to use reasonable efforts to mitigate any losses arising which may give rise to a claim under this clause.

(c) Acting on Proper Instructions

Subject and without prejudice to paragraph (a), but notwithstanding any other provision of this Deed to the contrary, the Trustee shall be absolutely entitled to rely on and shall not incur any liability in respect of any act or omission in reliance upon Proper Instructions or upon any document believed in good faith by the Trustee to be genuine or, in the absence of manifest error, upon all information supplied to it by the Manager, the Administrator or the Investment Manager or their respective agents or delegates.

(d) Legal Action

The Trustee shall not be required to take any legal action on behalf of the Manager (including in relation to the collection of income for the account of the Fund), unless fully indemnified to its reasonable satisfaction for all costs and liabilities that may be incurred or suffered by the Trustee. Without limiting the generality of the foregoing, if the Manager requires the Trustee to take any action of whatsoever nature which in the reasonable opinion of the Trustee might make the Trustee liable for the payment of money or liable in any other way the Trustee shall be and be kept indemnified in any reasonable amount and form satisfactory to the Trustee as a prerequisite to take such action.

(e) Liability for Taxes

In no event shall the Trustee be personally liable for any taxes or other government charges imposed upon or in respect of the Fund's assets or upon the
income or gains thereon. The Trustee shall be reimbursed and indemnified out of the appropriate assets for all such taxes and charges, for any tax or charge imposed against the Trustee, or any sub-custodian and for any expenses, including, without limitation, legal fees on a full indemnity basis, interest, penalties and additions to tax which the Trustee or any sub-custodian may sustain or incur with respect to such taxes or charges, provided that the Trustee shall not be reimbursed or indemnified for taxes imposed on its income derived from its remuneration under this Deed under the laws of Ireland.

Subject to paragraph (a) and Clause 15.10 the Trustee is not responsible for any loss arising directly or indirectly as a result of the failure of a Securities System to effect a settlement. The Trustee shall initiate legal proceedings in a court of law in circumstances where the Manager so reasonably requests and indemnifies the Trustee to its satisfaction.

The Trustee shall notify the Manager of any difficulties of which it actually becomes aware regarding the operations of any Securities System which in its opinion may adversely affect the assets of the Fund. Where it is possible for the Trustee to choose between Securities Systems for a particular purpose it shall notify the Manager of the Securities System chosen by it.

For the avoidance of doubt references to the “Trustee” in the preceding paragraph shall not include any sub-custodian, nominee or agent of the Trustee.

(g) Payment and Delivery Instructions

In some securities markets, deliveries of securities and other assets and payment therefor may not be or are not customarily made simultaneously. Accordingly, the Manager agrees that, the Trustee or a sub-custodian may make or accept payment for or delivery of assets in such form and manner as shall be in accordance with the customs prevailing in the relevant market or among securities dealers provided that where (x) instructions to deliver against payment or pay against delivery may be complied with and (y) such practice reflects the customs prevailing in the market and (z) the Manager has instructed the Trustee to so pay or deliver, the Trustee shall so pay or deliver. Subject as hereinbefore provided the Fund shall bear the risk that:

(i) Subject and without prejudice to paragraph (a) the recipient of assets of the Fund delivered by the Trustee or any sub-custodian may fail to make payment, return such assets or hold assets or the proceeds of their sale in trust for the Fund; and

(ii) the recipient of payment for assets made by the Trustee or any sub-custodian may fail to deliver the assets (such failure to include, without limitation, delivery of forged or stolen assets) or to return such payment, in each case whether such failure is total or partial or merely a failure to perform on a timely basis.
Subject and without prejudice to paragraph (a) neither the Trustee nor any sub-custodian shall be liable to the Fund for any loss resulting from any of the foregoing events, provided that they shall have acted in good faith in making any such delivery or payment.

(h) Reversals

In some jurisdictions, deliveries of securities may be reversed under certain circumstances. Accordingly, credits or securities to the Fund's account are provisional and subject to reversal if, in accordance with relevant local law and practice, the delivery of the security giving rise to the credit is reversed.

(i) Foreign Currency Risks

The Fund shall bear all risks of investing in securities or holding cash denominated in any currency other than that of the Fund's home jurisdiction and/or the Fund's accounting currency. Without limiting the foregoing, the Fund shall bear the risks that rules or procedures imposed by Securities Systems, exchange controls, asset freezes or other laws or regulations shall prohibit or impose burdens or costs on the transfer to, by or for the account of the Fund of securities or cash held or the conversion of cash from one currency into another currency. The Trustee shall not be obliged to substitute another currency for a currency whose transferability, convertibility or availability has been affected by such law, regulation, rule or procedure. Subject and without prejudice to paragraph (a) neither the Trustee nor any sub-custodian shall be liable to the Fund for any loss resulting from any of the foregoing events.

(j) Force Majeure

Notwithstanding any other provision contained herein, the Trustee shall not be liable for any action taken, or any failure to take any action required to be taken hereunder or otherwise to fulfil its obligations hereunder (including without limitation the failure to receive or deliver securities or the failure to receive or make any payment) in the event and to the extent that the taking of such action or such failure arises out of or is caused by war, insurrection, riot, civil commotion, act of God, accident, fire, water damage, explosion, mechanical breakdown, computer or system failure or other failure of equipment, or malfunction or failures caused by computer virus, failure or malfunctioning of any communications media of whatever reason, interruption (whether partial or total) of power supplies or other utility of service, strike or other stoppage (whether partial or total) of labour, any law, decree, regulation or order of any government or governmental body (including any court of tribunal), or any other cause (whether similar or dissimilar to any of the foregoing) whatsoever beyond its reasonable control or the reasonable control of any sub-custodian provided that this paragraph shall not apply in relation to failure or malfunctioning of any internal systems of the Trustee (whether purchased or internally developed) to the extent that the failure or malfunctioning of such system is beyond the reasonable control of the Trustee or to any strike or stoppage (whether partial or total) of labour of employees of the Trustee involved in the provision of services pursuant to this agreement as part of a labour dispute and the Trustee shall use reasonable
efforts (including the putting in place of business continuity plans) to minimise the effects of such event or events.

(k) Manager’s Reporting Obligations

The Manager shall be solely responsible for compliance with any notification or other requirement of any jurisdiction relating to or affect the Fund's beneficial ownership of securities and the Trustee assumes no liability for non-compliance with such requirements.

(l) No Investment Advice

Neither the Trustee nor any sub-custodian is under any duty to provide the Manager with investment advice.

(m) Fraudulent Securities

Subject and without prejudice to paragraph (a), the Trustee shall have no liability for losses incurred by the Fund or any other person as a result of the receipt or acceptance or delivery to or on behalf of the Trustee of fraudulent, forged or invalid securities (or securities which are otherwise not freely transferable or deliverable without encumbrance in any relevant market) and provided that the Trustee has acted in good faith and in accordance with the prevailing market practice.

(n) No Trusts

The Trustee shall not be bound by any notice actual or constructive of any trust or other right or interest of any third party over or affecting the assets held hereunder.

The Trustee shall maintain an appropriate level of supervision over the third party as safekeeping agent and make appropriate enquiries from time to time to confirm that the obligations of the safekeeping agent continue to be competently discharged. This does not purport to be a legal interpretation of the UCITS Regulations and the corresponding provisions of the Directive.
For the avoidance of doubt, a clearing broker with which margin assets are deposited in respect of futures and/or options contracts shall not be a sub-custodian or agent of the Trustee for such purpose and the Trustee shall not be responsible for margin assets transferred to or placed with such clearing brokers, provided the Trustee has acted in accordance with Proper Instructions in relation to such assets of a Sub-Fund transferred to such clearing brokers for payment of margin due at the time of transfer or for amounts which may be placed with such clearing brokers and utilised for the Sub-Funds trading in such futures and options. For the purposes of this Deed references herein to “sub-custodians” shall include sub-custodians appointed by the Trustee and nominees of such sub-custodians or of the Trustee itself.

(c) As the Fund may invest in markets where custodial and/or settlement systems are not fully developed, the assets of the Fund which are traded in such markets and which have been entrusted to sub-custodians, in circumstances where the use of such sub-custodians is necessary, may be exposed to risk in circumstances whereby the Trustee will have no liability. Details of potential risks to Unitholders will be set out in full in the Prospectus in accordance with the requirements of the Financial Regulator.

(d) The Trustee shall, upon request, inform the Manager and keep it informed of nominees, agents and sub custodians for the time being so appointed.
